

# BRODERIE

by French General

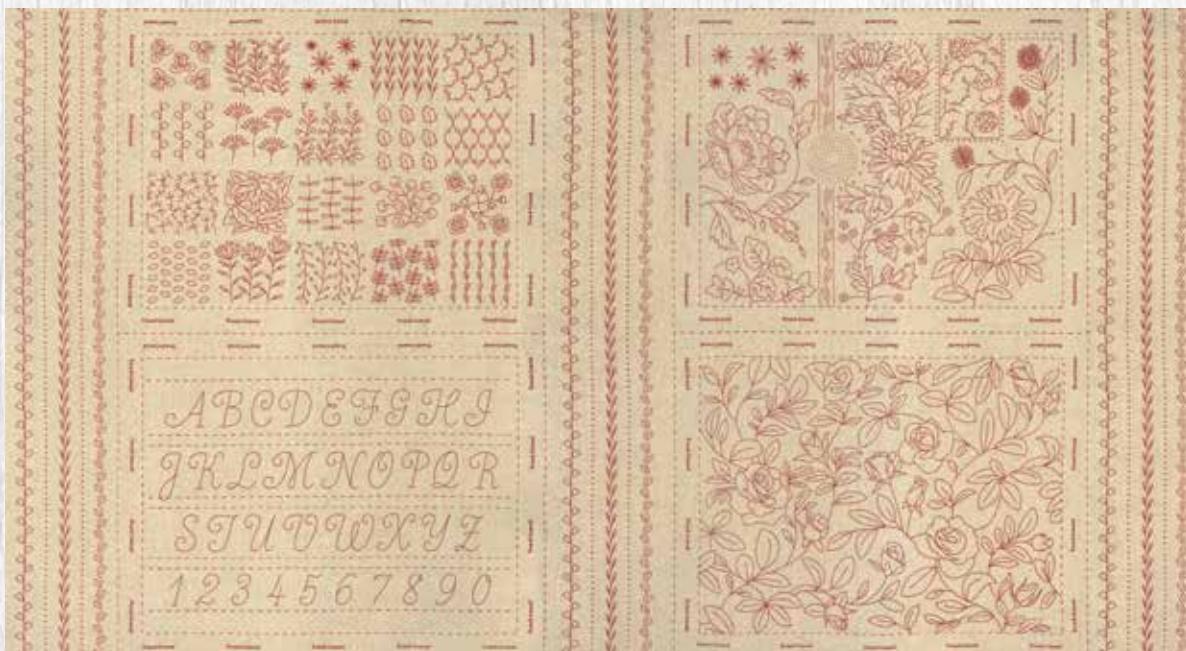

Inspired by antique embroidery samplers found while in France, Kaari Meng of French General has created Broderie. Printed on Mochi Linen yardage in Rouge and Roche, each 24" x 44" length includes four different samplers that finish at 10" x 13". The side and middle border rows are 5" wide, and can be added individually or as a group to zipper bags, totes, and pillows as an embellishment.
