SASHA IGNATIADOU

for

★ RUBY STAR SOCIETY ★

Sasha Ignatiadou is an artist and illustrator based in Germany. She has a degree in Architecture and Art, and her art is inspired by nature, female beauty and plants. She uses a variety of techniques in her work, from watercolors to oil painting to digital drawing tools. This is the first time her work will appear on fabric.

Sasha Ignatiadou's guest collection for Ruby Star Society, Airflow, is inspired by animals and plants. Sasha believes that the patterns and imagery created by nature are often the most beautiful, so she turns there for inspiration. Cats, tigers and cranes reside in a technicolor landscape of gently undulating botanicals, with rich metallics giving a luxe finish. Two rayon prints round out the group.

APRIL DELIVERY
