'You Count'

In my home I'm surrounded by logically thinking, good at maths- equation remembering spreadsheet lovers. As someone who is entirely the opposite it made me think that maybe, just maybe data and maths could be interesting and maybe even beautiful?

I took a better look and started a Pinterest board (my favourite!) and before long I found myself inspired by infographics, data visualisation artists and even equations that have changed the world- and then I drew them and played with my number stencils and before long I had a fabric collection called 'DATA'.

Joseph, you were right all along- data is cool!
