Step into the romantic charm of old-world France with Fleur de Paris, our latest collection with Moda. A delicate dance of 19th-century floral prints comes to life on our soft Pearl ground, evoking the elegance of Parisian gardens in full bloom. Classic solid hues—Garance, Pale Rose, and Lavender—add just the right pop of color, bringing a playful and modern contrast to these timeless designs. Whether you're dreaming up a cozy quilt or a vintage-inspired garment, Fleur de Paris offers a perfect blend of sweetness, nostalgia, and style.
