

In the Garden

by Corey Yoder of *Coriander Quilts*

In the Garden is my 25th fabric line with Moda Fabrics. It seemed only fitting to bring to life a sister collection to Prairie, my very first fabric line. I am still pinching myself all these years later that I get to have the fun of creating fabrics that sewists around the world use to make beautiful projects.

In the Garden features a rainbow of the warm colors that I so enjoy sewing with... pinks, corals, yellows, greens, and aquas. Ever since my first collection, I have also enjoyed how nicely a warm gray plays with all of those sherbet brights. You will find my beautiful signature grays in this collection. Over the years, I have often joked that I can't grow a beautiful flower garden outside (this girl does not have a green thumb!) but I can create flower-filled fabrics! In the Garden is bursting with flowers; wildflowers, daisies, blossoms, and buds are spread throughout. A beautiful new, sketchy floral is sure to become a favorite for backgrounds. Speaking of backgrounds, there are some wonderful low volume options in this collection that are quite lovely! You will also find sweet, geometric prints to round out the collection, including stripes for those bindings (my favorite way to finish a quilt).

I can't wait to see the beautiful quilt "bouquets" you create with In the Garden fabrics. Corey
