STACY IEST HSU

SIH 070 Poinsettia Parade 81" x 81"

SIH 069 The Nativity 57" x 67"

Setting up the Nativity with my Mom every Christmas is a favorite holiday memory. She would add new figures to the display each year, a new shepherd, camel or palm tree, and I loved seeing it grow. It is a tradition that I continued when I started my own family, and it's become something I look forward to. Our Nativity is the first display to be put up, and the last one taken down after the holidays. Joyful Joyful is a celebration of this tradition.

The North Star, a manger scene, and a Peace dove are part of this collection, as well as beautiful poinsettia, winter berries and paisleys. The colors are traditional reds and greens, accented by warm peach, aqua and navy. I love that it is sophisticated, and still traditional. My two quilts for Joyful Joyful highlight the Nativity and the poinsettias found in the collection prints.

CUT & SEW NATIVITY PANEL

The true star of the collection is a cut-and-sew Nativity panel. It includes a 3-D manger tote, and all the characters of the Nativity. This set is perfect for teaching your little ones about the story of Christmas during the holiday, and it is a reminder of this magical story throughout the year.
