

# Lyda Rose

By Bunny Hill Designs

Lyda Rose is the name of the shrub rose I planted last year in my garden. One morning, as I ventured out into the garden, she rewarded me with a beautiful bouquet of white and pink flowers. They say the first blooms are the best, and Lyda was certainly sharing her beauty with me on that special morning. She reminded me of all the wonderful garden surprises to come, and a fabric line was born!

So, welcome to the charming world of Lyda Rose, featuring classic fabrics in a soft, sun-kissed palette of yellow, aqua, pink, cream, and stone. Whether you're stitching a cozy quilt, a charming home décor piece, or a delightful accessory, Lyda Rose will bring warmth, nostalgia, and a dash of countryside magic to your creations. It's perfect for Easter, spring garden parties, or even a cheerful sunny dress!

You may not know this about me, but I work in a studio with yellow walls. My family room is also painted yellow, and it's one of my favorite colors. Now, I've included yellow in my fabric line! Yellow even takes center stage in my newest quilt, Sunshine Lane. Put a little sunshine in your life! I hope you love this fabric.
