

# paperHamlet

BY CATHE HOLDEN

ham·let (ham-lət) noun : a small village.

Welcome to Paper Hamlet— a delightful and creative community designed with snippets of advertising ephemera, wallpaper patterns, and other vintage printed papers. This little settlement is comprised of rolling knolls layered with homes, fussy-cut floals, sweet song birds, tiny dwellings tumbled about, framed bits of houses & homewares, and forever repeats of foliage. You can read through pages of vintage sewing book text under a clear night of shining paper stars. A whimsical alphabet combines bold letters with tiny homes nestled throughout. The collection includes a vibrant, double-border neighborhood lit by a full moon on a starry night— ideal for apparel, bags & accessories, and home decor projects.

Come for a visit and plan to stay in this warm & enchanting Paper Hamlet offering endless, charming project possibilities.

with the size of the family, the needs of the amount of the income, and the judge-  
ments of the family. Every one  
of them to live, food to eat and clothing  
in addition, there must be money to spend  
on books, music, houses, carfare, and  
entertainment. Besides this same money  
is spent every year.

A householder, therefore, makes a plan  
of the money available each year, or the  
life is ended. This plan will give him  
the knowledge.

be spent for food, for clothing, for shelter, for operating expenses, and for entertainment, church, charity and savings. When it is made, it is called a budget.
