

Hello Alice

by Sarah Watts

In Hello Alice you'll find all the makings of a tea party, stacks of pages and books, fields of chatty flowers, and hares running out of time. If you look closely you'll see a few surprises too!

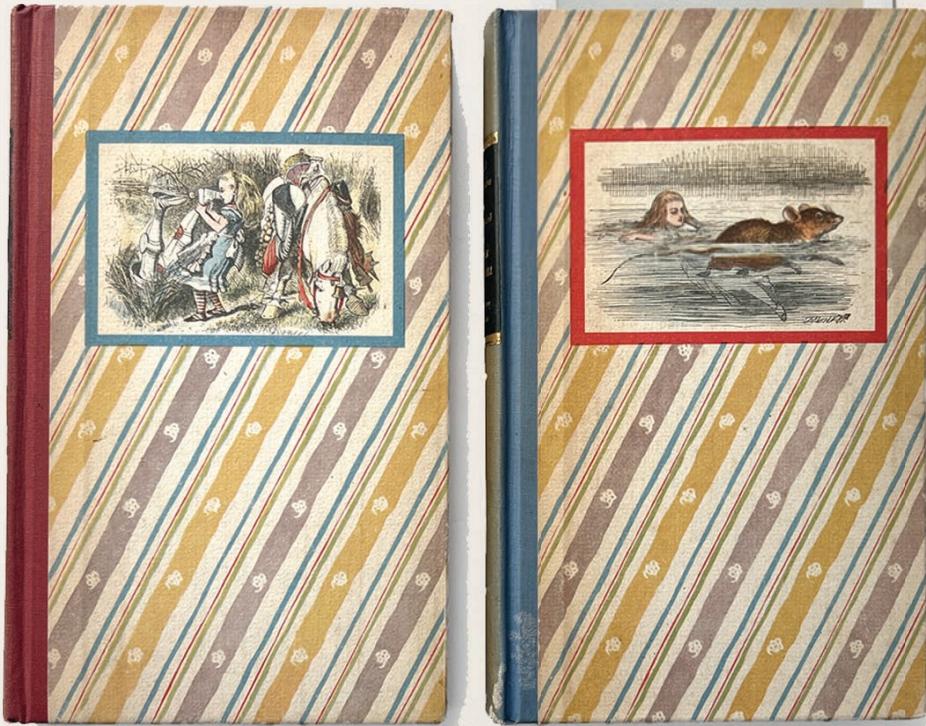

Sarah aimed to highlight all of the whimsical nature of the story while giving it her own narrative twist. Hello Alice also features a more vibrant and modern color palette that fits right in with Ruby Star Society.

Check out Sarah's latest panel! This is one of the 15 gorgeous illustrations in it, and makes the most incredible decorative piece for the Alice fans out there!

Sarah's father rescued this vintage Alice in Wonderland book set from being thrown out. Sarah had always loved the story and wanted to do her own take on the classic.

WONDERLAND PANEL | MULTI PANEL SIZE: 44" X 36"

Sarah's version of Hello Alice is a friendly retelling of characters out of her sketchbook! It includes teacups and petit fours and caterpillars, but she also wanted to capture the characters in a unique twist! Her Mad Hatter is a version of everyone's quirky madcap aunt. The Tweedles - who aren't dumb at all - are reimagined as friendly dogs!
