

When Kimberly Kight set out to add another fruit print to her line of produce fabrics, Tomato Tomahto is where she landed. Inspired by pasta shapes, she created a folksy kitchen themed group with all the makings of a family pasta night. Kim used her favorite pinks/ lavenders/butterscotch/blues, and added some yellows and reds to achieve a sunny rainbow feeling. In addition to the cotton prints, Kim designed two canvases in seven colors, perfect for totes, oven mitts, and aprons.
