

Jen Hewett's granny was named Florence, and Florence loved a fizzy drink. Jen inherited her book of cocktail recipes, and while flipping through it one day, she came across the recipe for a Floradora - gin, framboise, lime and soda - and thought the name was perfect for a collection of springy bubbly prints. Floradora is a celebration of springtime after a cold, gray winter, when everything blooms and brightens. Jen pushed her signature floral style in a more geometric direction with this group, creating a pleasing blend of lines and shapes. **Low Cal assortment available ASSTRS6019 10H (10 yds of 20 skus with *).** All prints shown at 25% scale.
